

GROUNDWATER +
INSTITUTE

READER WORKSHOP

Grants For Change Fund

a program of Maine Initiatives

Based on feedback from the community over the years, [Maine Initiatives](#) is thrilled partner with [Groundwater Institute](#) to offer our proposal readers an optional 'level-setting' workshop that offers shared understanding and vocabulary around institutional, structural, and systemic racism.

This data-rich presentation connects individual and collective experience to larger structural, cultural, and public phenomena and will be followed by group discussions and opportunity for connecting with other proposal readers. We are able to offer the choice of two virtual sessions for 2022 G4C Proposal Readers.
